A guide for learners

The Chartered Institute for Archaeologists (CifA) is the leading professional body representing archaeologists working in the UK and overseas.

CifA promotes high professional standards and strong ethics in archaeological practice, so when you're choosing training or CPD look for the CifA Approved Training & CPD logo. Only training or CPD opportunities which have been quality assured by CifA can carry this logo.

If you choose CifA Approved Training & CPD you can be sure it will provide appropriate and achievable learning outcomes, mapped to National Occupational Standards and delivered by competent trainers.

All CifA Approved Training & CPD opportunities will include a strong emphasis on developing your skills, helping you to build your knowledge and experience in recognised areas of professional competence. Courses will offer certification for the purposes of recording your CPD hours.
