

# ClfA Early Careers SIG AGM

Megan and Tabitha

## General Summary

- Welcome and housekeeping
- Annual Report
  - Events and activities overview (March 2023-March 2024)
  - Publicity
  - Online presence
  - Treasurer's statement
  - Committee changes
  - Future plans
  - Concluding remarks
- Voting
  - OCM Results
  - Honorary Chair, Secretary, and Treasurer co-option
- Quiz!

### EC SIG Committee 2023-2024?

### **Events overview**

Our last AGM was held on the 14th March 2023 and featured a talk from Olivia Britter on Ways of Living in the Upper Thames Valley

In April 2023, our committee members Jess and Phil organised a session for the ClfA Conference in Nottingham 'Mapping Archaeological Careers', myself and Mike spoke as part of the session 'Sustainable Careers in Archaeology', and Sakshi and Phil were invited to speak on the closing panel.

On Thursday 18th May 2023 we worked with Dr Hannah Cobb and Dr Karina Croucher to present a special roundtable for undergraduate and postgraduate students of archaeology looking to start a career in UK archaeology and heritage.

#### Careers in UK Archaeology and Heritage: A Workshop for Students

Are you interested in a career in archaeology and heritage? Are you coming to the end of your degree and looking for advice on the next steps you might take?

We would like to invite you along to a teaching and learning roundtable session on Thursday 18th May from 7pm to 8pm.

We are excited to be working with Dr. Hannah Cobb and Dr. Karina Croucher to bring you this special roundtable for undergraduate and postgraduate students of archaeology and heritage. Members of the EC SIG committee will share our experiences and advice about developing careers across the archaeology and heritage sectors and we are happy to answer any questions you have, and welcome your input in the conversation!

### **Events overview**

On Wednesday 28th June 2023 we hosted a 'Meet the Members' session - a chance for our members to come along to our committee meetings. Would you like to see more of these? Let us know!

On Wednesday 26th July 2023 we held our annual Student and Early Career Conference as part of the Festival of Archaeology. This year we were able to showcase live talks, as well as prerecorded presentations and posters.

On Wednesday 9th August 2023 we worked with the CIfA Finds Special Interest Group to host 'Finding a Career in Finds', an online event aimed at supporting early career archaeologists with an interest in finds and post-excavation work.

#### **Events overview**

On 7th October 2023, members of our committee took part in University Archaeology Day at the British Museum

In November, many members of our committee had the opportunity to visit York for the Archaeological Achievement Awards. We were able to celebrate the achievements of some great archaeologists, including our own committee members - Sakshi was awarded the Early Career Archaeologist Award, while Tabitha was named highly commended in the same category.

In February 2024, we worked to gather your opinions on the decision to stop providing salary minima, and we are continuing to work to represent the perspectives of our members.

Active and archaeologist Torrica Elleray

This July sees the return of the Festival of archaeologist, I find this theme as inspiring as it is challenging

working on community projects and of working was no longer viable in the

archaeological unit

In all my years of being inspired by archaeology, my opportunities to work directly with archaeologists were few and far between. But imagine my delight preoccupied with the same questions and fascinations. With the materiality of objects, with layers of narrative, with the intimate nuance of an individual artefact, and with the bigger picture of a landscape in content. Both practices are public and personal, borh invite us to explore, to imagine, and to reflect, and

It was existent from our sneakers how important support and mentoring has been on their journeys - whether that looked like nonest conversations with their employers, or individuals who stepped up and encouraged them. Knowing they were part of a network that was bigger than their job and company was invaluable in helping them grow as professionals and advance their careers.

As expected, the speakers' journeys were shaped by their contex with some career paths emerging alongside archaeology as a profession and benefiting from the unique opportunities and relationships this provided. This was picked up on in the discussion session, where there was a feeling amongst contemporary earlycareer archaeologists that a lot of the opportunities our speakers were able to make use of were about being 'in the right place at the right time". Whist this could be said of any career, the lack of visible coherent pathways for those entering archaeology was a large factor in whether they saw their future in the industry or not,

Some reflections on the

ClfA conference session

past icertainly the motto for many archaeplogists). We therefore

decided that a useful session would be to try to map the career

pathways of a range of different people working in archaeology,

and to discuss and compare the opportunities, and barriers, in

these routes, and whether they still exist today. Could we, through

mapping these journeys, work out what a sustainable career path

Our chairs (Jessica Elleray and Phil Pollard) were joined by five

speakers - representing a range of heritage roles and specialisms

- who shared their career journeys, whilst we attempted to map

experiences, as well as to our audience members who also spok

### Treasurer's Statement

- The EC SIG budget was not confirmed by ClfA for 2022-23. We therefore spent £0 for this financial year.
- Flyers and promotional materials were provided by ClfA.
- We have requested £800 for 2023-24 and await confirmation from CIfA.
- We have a projected £50 income from new members.

# Committee changes

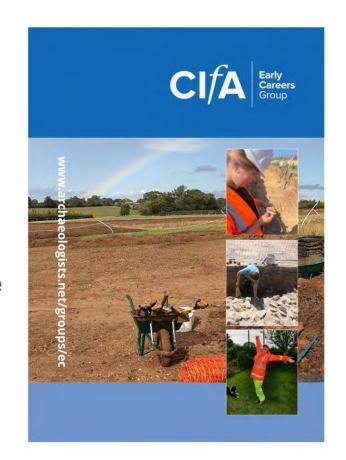

- Five current members of the committee stepping down to become external advisors to the committee (Claire, Jo, Phil and Megan).
- Nominations for this year's ordinary committee members to be revealed.
- We'll be taking nominations tonight for honorary chair, secretary and treasurer

# Future plans

- Plans to meet up socially at this year's
  ClfA conference in Chester.
- Promotion of bursaries for this year's ClfA conference.
- Potential collaboration with Unravelling the Palaeolithic conference.
- Potential collaboration with Prospect (Union)
- Our joint EC SIG and CBA Early Careers Conference!

# Concluding remarks

- Another successful year for the EC SIG.
- Increased awareness of the current situation with salary minima and discussion.
- A huge thank you for all of the those on the committee who voluntarily give their time and efforts to the EC SIG.
